DETAILED ACTION

Response to Amendment

1. The amendment and remarks filed on 16 September 2010 are noted with appreciation.
2. Claims 2, 3, 8-10, 16-24, 26, 27, and 36, remain pending.

Response to Arguments

3. The rejections of record are withdrawn in view of the amendment. The prior art neither teaches nor suggests the claimed process in which a first treatment solution does not include and organic phosphate ester or potassium isobutyl phosphate and a second treatment solution includes an antistatic agent selected from the group consisting of organic phosphate esters and mono- and di-substituted potassium isobutyl phosphates.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
5. Claims 2 and 3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
6. It is unclear whether the term *treatment solution* refers to the first or second treatment solution of claim 36.

Allowable Subject Matter

7. Claims 8-10, 16-24, 26, 27, and 36, are allowed.

8. Claims 2 and 3 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

9. The following is an examiner's statement of reasons for allowance: See above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

10. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
